

Self-Care Activity

Practicing self-care means taking the time to participate in activities that bring you enjoyment or a sense of calm and peacefulness. Activities can include things you do on a day-to-day basis or new activities. Self-care can promote positive mental health and well-being, keep us grounded and reduce the effects of stress in our lives.

This month, challenge yourself to complete as many self-care activities as you can. For each activity completed, fill in the talk bubble in that square.
