### **Items for Discussion/Approval:**

#### **A. Tuition and Fees**

PowerPoint presentation with all the summary information about the changes and increases of the tuition and fees for the next 2-year academic years. Students' Council members and the guest also had the opportunity to go over the recommendations SANQC provided to the committee, to point out that we were not provided with the College's reporting requirements to the government as it would be helpful for the Students' Representative to understand how revenue is verified at year end. The explanation given by the T&F committee is that the report was not provided because the numbers might not be accurate as there are some many factors that might impact those numbers at the end of NorQuest fiscal year. Also, going over the document help Council members answer most of the questions they had.
