Items for Discussion/Approval	Motion by:	Presenter	Time	Notes
A. Students' Council Expectations Document				
Discussion and Approval Motion: To approve the Students' Council Expectations document as presented.	Motion by: Representative Andrews Seconded by: Representative Eustaquio Motion Carried all in favor	Cherie Sawaryn, Executive Director and Asha Kabeto, Chair	10 mins.	<ul style="list-style-type: none"> • Council made no changes or additions to the document.
B. Social Media Presentation				
Discussion		Cherie Sawaryn, Executive Director	8 mins.	<ul style="list-style-type: none"> • Based on conversations with previous SC members, the Executive Director presented an idea about how to engage more with Students through SANQC's social media at the same time as engaging with students in the SANQC space. • The idea is for SC members to take a picture every day of the week with a caption that shares something about that day that students would like or need to know with a polaroid camera. SC members then would take a picture of the picture and posted on SANQC social media; the physical picture would be posted on a calendar at the office where students can see them.

				<ul style="list-style-type: none"> SC members would be coordinating among themselves which individual would be in charge of the week of posts.
C. Anti-Racism Recommendations Document				
Discussion		Cherie Sawaryn, Executive Director	10 mins.	<ul style="list-style-type: none"> One of the observation was about the size of the survey, it doesn't seem as if the college ask enough people from all across (such as domestic students), just specifics groups therefore, not enough perspective on the Anti-Racism recommendation document. Another observation was that this document focused mostly on the education part but not at on having dialogue, as anyone can go through a course but not really get the perspective of the other. a few SC members suggested to recommend enhancing the education on Indigenous peoples' history to new commers. Finally, a point was brought up by one of the SC members that even though these documents exist, students still feel fear of retaliation when approaching instructors to let them know that they might've come across discriminatory towards a group of students. So tackling that issue.
